

## TOWARDS DEVELOPMENT AND PROSPERITY

Gavhar Jumaeva

Information Policy of Angor District Governor Adviser on Issues

### Abstract

As a result of the attention and care of the President of the Republic of Uzbekistan Shavkat Mirziyoyev, the positive results achieved in many areas during the past period have fundamentally changed the living standards of the population.

Happily, a total of 11.0 billion was allocated from the 2023 Republican budget for the socio-economic development of Angor district of Surkhandarya region, the modernization of the image of neighborhoods, beautification and greening, based on the instructions of the head of state. allocation of soum.

According to the decision of the President of the Republic of Uzbekistan "On additional measures to further improve the infrastructure of neighborhoods in 2022-2023" dated October 25, 2022 No. 408, 19.1 billion soums were allocated for the construction and repair of 22 facilities in 17 neighborhoods of the district. This fund will serve to improve the infrastructure of our neighborhoods and make our citizens live happily and prosperously.

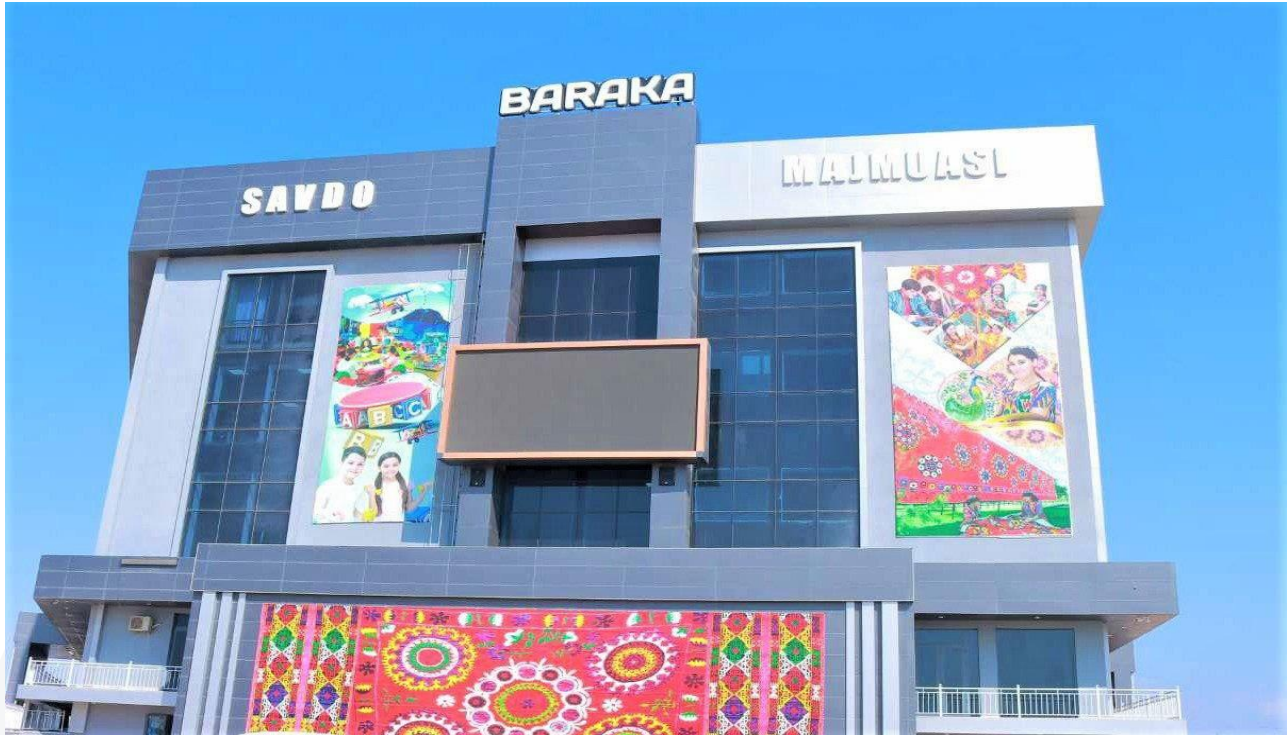

In turn, in 2023, within the framework of the "Prosperous Village" state program, it was determined that a number of works will be carried out in the "Yukori Khojakiya" and "Yukori Tallashkhan" neighborhoods of our district. According to the Decree of the head of our state dated December 9, 2021 "On measures to build new Uzbekistan massifs and ensure socio-economic development of regions", 11.5 hectares of land was

allocated from the territory of the "Sharq Guli" neighborhood of our district for the purpose of establishing the "New Uzbekistan" massif.

During 2022-2026, it is planned to build 45 5-story residences with a total of 1006 apartments, and currently 17 5-story residences with 408 apartments are being built.

On the initiative of Surkhandarya regional governor, a national handicraft and tailoring center was established in the "Angor Baraka Savdo" complex in the center of the district, and 1,000 unemployed women were provided with employment.

In 2023, the central "At-Termizi" street in the district will be turned into a special service street, more than 50 service points will be established, and systematic work will be carried out to ensure the employment of 120 unemployed people. 15 service points will start operating along the M-39 international highway. In order to develop industry, handicrafts, household and animal husbandry, a micro-center was established in the territory of the "Yangi Khabi" community meeting to provide services to the population.

The total cost of 43 projects to be launched in 2023 within the framework of the comprehensive socio-economic development program of Angor district is 558.2 billion. 865 new jobs are expected to be created.

In particular, 100 new jobs will be created within the framework of the project to organize the processing of thin fiber cotton with a total value of 97.5 billion soums by "Zamin Angor Cluster" limited liability company, and direct investment of 19.1 billion soums by "Rahmati Attad" limited liability company. as a result of the implementation of the project of organizing the production of plastic pipes at the expense of direct

foreign investment, the project of organizing the production of 130 automatic switches and shutters worth 15.8 million soums was implemented by the "Smart Elektronika System" enterprise, and it was practical to create 30 new jobs. work has been started.

425 new jobs will be created as a result of implementation of 7 projects worth 52.0 million US dollars in Angor district this year. Also 18.6 mln. Export forecasts in US dollars have been set and are planned to be carried out by 13 exporting enterprises. As a result of the implementation of these works, the citizens of our district have a permanent job and try to work hard and develop the industry. After all, it is a blessing to live in Uzbekistan, which is growing and prospering day by day, and where human dignity is glorified.
